

# CREATE HEAVEN IN THE NEW YEAR

Complete and glean the gifts from 2010, then till the soil and plant the seeds  
for the Best Year Ever in 2011

---

Facilitated by Diana Vela, founder/director of Programs of the Heart,  
in two, (two hour) phone conference sessions  
Thursdays, January 13<sup>th</sup> and January 20, 6:30 to 8:30 PM (Central Time)

Join us for a powerful, Heart-directed review of 2010 as we bring to light and glean the gifts, lessons, and empowerment of the year, presenting you a powerful sense of completion. This will allow you to integrate the year, build life maturation and mastery at a level that will prepare you for the upcoming year.

You will also discover myriad possibilities, new creations from the Heart, as well as receive directions and specific actions to create a strong foundation, maximizing a powerful 2011 for you that is incredible and heavenly.

Diana will facilitate these sessions bringing her depth of expertise as well as heart-meditative guidance to create the miracles of your Heart and Soul for the coming year.

These two sessions will open up the flow of creation, allowing 2011 to be a most fulfilling and powerful year of your life.

This service offered to you through phone conference allows you total privacy by being on 'mute' as you listen and work alongside with Diana who will deeply guide and direct you through a comprehensive completion of 2010, thus creating an enormous amount of space and possibilities for 2011. Please note, there will be limited sharing in the group so we can maximize the time together to transform you past and future.

*Tell your friends who have done some Heart work about this program.  
This is a gift no one wants to miss...*

**Prerequisite: Some Heart work. Tuition: for 2 (2 hr) sessions - \$80**
