

I created *three* businesses during the Projects Course: a Pet Nanny business, a Virtual Assistant business for small business owners, and Reiki practitioner for those hospitalized. All three emerged from my heart with information to structure them as businesses. They all meet my needs: I can now love and care for animals, use my administrative talents to serve small businesses, and serve those who are ill. Amazingly, the businesses were up and running before the end of the course. When stuck, the private sessions with Diana sky-rocketed me into clarity and a new level of creativity. This course is incredible for bringing into creation Heart-sourced projects that are your soul's journey. Don't miss it! LL Bloomington, IL

It is challenging, rewarding, exactly what I needed with results beyond my expectation. **It is just vital for me to get on with the work I was meant to do. Attend the projects course? This Projects class will most likely be the most empowering course I have every offered you.

This has been one of the busiest times of my life and yet, with the ongoing support and work of **The Projects Course**, I am transcending all the distractions and 'side-tracking' that stopped me in the past and I am able to manifest my project that came from my Heart. It is truly a miracle!!! I am so proud of myself!! Additionally, it has been very powerful and effective to have the option to have the 2 additional Heart consultations with Diana to accelerate the process. Thank you Diana, this course is turning out to be the ultimate. With enormous gratitude... AB- Ft Lauderdale, FL.
